LICENSEE TESTIMONIALS

"Great week learning so much about fitting pants. I loved every minute of the 5 days of knowledge and experience "cramming." Thank you Rae Cumbie, Carrie Emerson and Sarah Veblen." MARIJO RYMER

"The Eureka! Pants Pattern has allowed me to achieve an excellent fit in less than half the time it took me with other methods that I've used – drafting from scratch, commercial patterns, fitting shells, etc. It saves me time in the initial fitting as well as all the time previously spent fine-tuning." BARBIE MCCORMACK

"After the five-day class, I was able to hit the ground running and start making great-fitting pants for my clients right away. Whether you want to teach E!PtF, use the pattern for your clients, or both, I highly recommend this class." EDYE SANFORD

Fit for Art Patterns invites you to join Rae Cumbie, Sarah Veblen, and Carrie Emerson for five days of training and practice to become a Licensed Eureka! Pants Professional. Learn how to fit and perfect the Eureka! Pants that Fit pattern for yourself and business clients. Become a trained teacher of Eureka! Pants classes and workshops.

SEMINAR AGENDA INCLUDES

- History and philosophy of the Eureka! Pants that Fit pattern
- Determining the correct size for yourself and others
- Using pants fitting shells
- Preparing and fitting a mock-up with fitting grid
- Placement of darts
- Placement of waist and 3 different waist treatments
- Transferring mock-up adjustments to paper pattern
- Personalizing Eureka! Pants with waist finish, zipper placement, leg shaping, pockets, and more
- Preparing patterns for Sporty or Trouser Details
- Observing and practicing pants fitting on a variety of body types
- Teaching tools, including sample agendas for 2-, 3- or 4-day pants workshops
- Techniques for using Eureka! Pants in your business
- Testing for licensure

A candidate must successfully complete the training seminar and testing and execute a licensing agreement with Tabula Rasa Patterns, LLC in order to be licensed as a Eureka! Pants Professional.

THIS LICENSING SEMINAR IS DESIGNED FOR

- Sewing professionals who
 - » provide custom clothing services (speed up your pants fittings!)
 - » coach home sewers (excellent instructions, multiple choices for fitting, aids to record alterations)
 - » teach garment sewing (a full service product!)
- Fabric store or stitch lounge / studio owners who want to offer in-store classes
- Skilled garment sewers with pattern adjusting skills*

**This seminar is best suited to sewers with the following skills: ability to walk and true adjoining seams, add or remove width or length to existing seams, true dart legs, make uneven open and close wedges within the pattern body, make even spreads and tucks within the pattern body, accurately add seam allowances, be proficient with a fashion ruler to blend and draw smooth curved seams. If you are unsure whether you have all of the skills needed for this seminar, please contact us to discuss ways to prepare yourself in advance of the seminar.*
